

POWER **EDGE**[®]

The power of choice

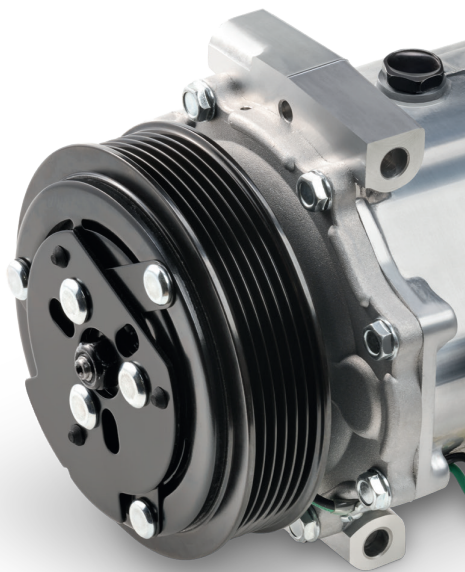

Driven by DENSO

PowerEdge is a new brand distributed by DENSO, created specifically to deliver competitively-priced products and give your business and customers an advantage.

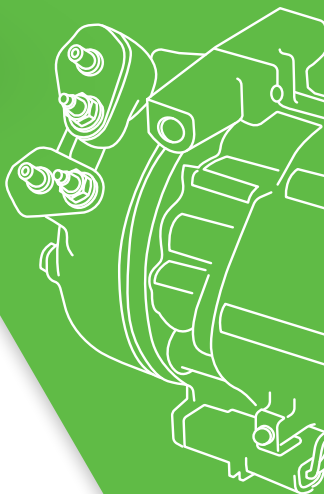

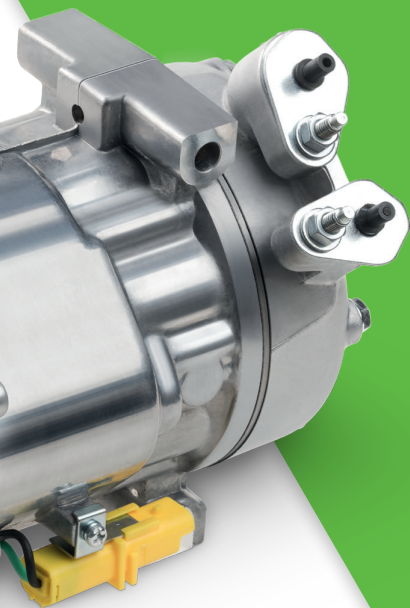

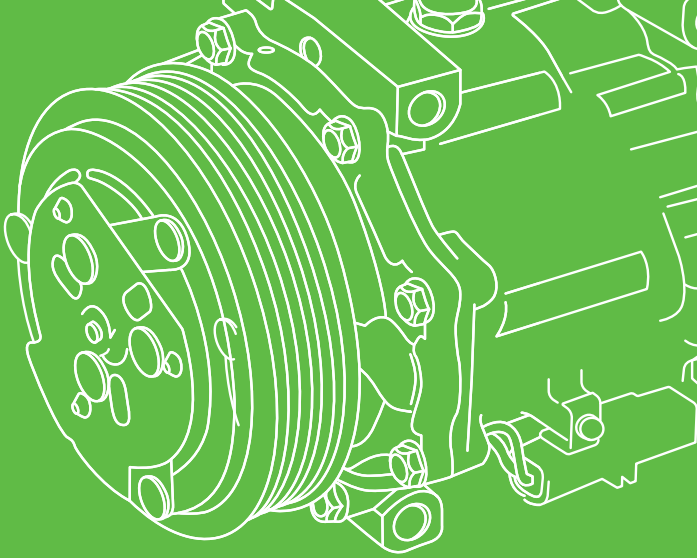

QUALITY COMPRESSORS FOR PRECISE PERFORMANCE

With PowerEdge, you no longer need to choose between quality and cost.

For mor information visit:
www.poweredgeproducts.eu

Designed to perform in all climate conditions, offering the optimal mix between durability, performance, and price.

PowerEdge compressors are all delivered with the correct amount of high-quality PAG oil for the whole A/C cycle.

No re-manufactured units, no core surcharge or return policy.

The range of PowerEdge compressors fit in all commonly used makes and are especially interesting for drivers of vehicles in the second part of their lifespan.
